// 01 ABOUT BSIDES DELAWARE

Security BSides Delaware is a community-organized cybersecurity conference held annually in Wilmington, DE. Since our founding in 2010, we've grown into one of the region's most respected gatherings for information security professionals, bringing together CISOs, engineers, analysts, researchers, students, and enthusiasts for two days of talks, hands-on workshops, villages, and networking.

Our attendees come from financial services, healthcare, technology, government, and education, which is what you get in the state where most of the Fortune 500 is incorporated. Sponsor BSides Delaware and you're in the room with the people who make security decisions for those companies.

// Talk tracks: seasoned experts and first-time speakers, all recorded and published to YouTube

» WHY SPONSOR

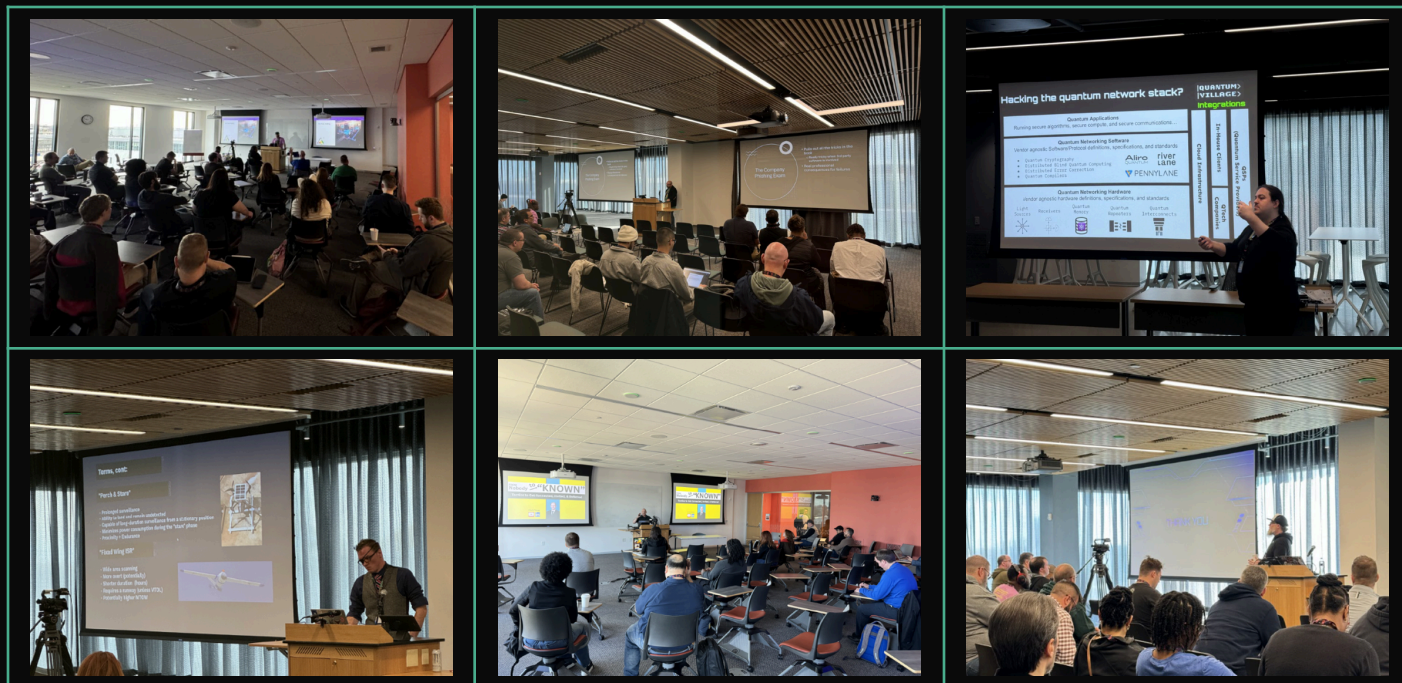

- ▶ Brand visibility across shirts, badges, lanyards, signage, digital, social, and recorded video
- ▶ Direct access to security decision-makers, practitioners, and rising talent
- ▶ Talent pipeline: meet candidates at an event where your brand already signals community investment
- ▶ Lasting reach through YouTube recordings and post-event social media
- ▶ Community goodwill that attendees remember long after the event ends

» WHAT MAKES BSIDES DELAWARE DIFFERENT

- ▶ Two talk tracks across two days, featuring both seasoned experts and rising voices in security
- ▶ Seven hands-on villages in 2025, including Quantum Village's East Coast debut
- ▶ SpawnCamp, our kids' track, where young hackers learn to code, pick locks, and think like security pros
- ▶ All talks recorded and published to YouTube, extending your reach well beyond event day
- ▶ Small enough that sponsors get real face time with attendees, not a badge scan

» THE 2025 TALK TRACK

Two tracks, two days, and a full slate of speakers: quantum network security, drone ISR, phishing programs that actually work. Every session was recorded and published.

// BSides Delaware 2025: original research and working practitioners, playing to full rooms across both days

// 02 THE VILLAGES

Talks are half the conference. The villages are the other half. Seven of them ran in 2025, staffed by the same crews who run them at DEF CON. Quantum Village picked BSidesDE for their East Coast debut.

The DEF CON village experience, in the cozy state of Delaware: same crews, same CTFs, without the Vegas heat or the lines.

VILLAGE	WHAT HAPPENS THERE
■ Lockpick Village	Picks, tension wrenches, and a table full of locks. Beginners get taught from scratch, and nobody leaves without opening something.
■ Ham Radio Village	Amateur radio, hands-on: demos, experiments, and on-site license testing, so you can walk out newly licensed.
■ RF Hackers Sanctuary	A capture-the-flag played against real wireless and radio configurations: RFID, SDR, Bluetooth, Wi-Fi, and infrared if you've got the eye for it. RFHS are the original creators of the WiFi, Wireless, and RF CTFs.
■ Pros vs Joes CTF	Two days of live combat. Day one, teams of Joes led by a Pro captain defend their network against the Red Cell. Day two, the Red Cell dissolves into the teams and they turn on each other. Each day ends with a debrief explaining exactly how every compromise happened.
■ Social Engineering (SEA Village)	Pirate energy with a solarpunk flair. The crew of the Red Queen runs the social engineering track.
■ Quantum Village	The official Quantum Village at DEF CON, who made their East Coast debut with us in 2025: talks, workshops, real quantum hardware, an open-source quantum sensor, their signature debates, and a flagship Quantum CTF.
■ Aerospace Village	Bricks in the Air: inject commands into a simulated avionics bus and watch a connected Lego aircraft respond in real time. A safe way to see what bypassing a safety measure actually does.

Villages are sponsorable. The Lockpick Village carries an exclusive naming right (see Section 04), and we're always open to building a new one around a village you'd like to put your name on.

// 03 WHAT EACH SPONSORSHIP TIER INCLUDES

Sponsorships are sold in four tiers. Every tier, Bronze through Platinum, includes the same core branding package. Higher tiers add premium placements, more tickets, and the right to claim an exclusive naming right.

Each tier has a fixed number of slots. Once a tier sells out, it's closed for 2026.

BENEFIT	PLATINUM \$7,500	GOLD \$5,000	SILVER \$3,000	BRONZE \$1,500

* **Opt-in only.** During registration, attendees may choose to share their name, email, title, and company with Platinum sponsors. Only information from attendees who explicitly consent is shared, and all data handling complies with applicable privacy regulations.

‡ **Sleeve placement** changes how the shirt order is produced and cannot be added after October 1, 2026. No exceptions, even if a Platinum slot is still open.

// 04 EXCLUSIVE NAMING RIGHTS

An exclusive naming right puts your name on one piece of the conference and keeps it there for the whole event. Take the lanyards, and every attendee is wearing your logo for two days. Only one sponsor gets each one.

HOW IT WORKS

- ▶ Platinum, Gold, and Silver sponsors may each claim one exclusive naming right. Bronze sponsors are not eligible.
- ▶ There are 8 naming rights in total, with a single slot each. Some are open to Silver; the rest are Platinum and Gold only. The table below shows exactly which.
- ▶ Slots are reserved first-come, first-served in the order payment is received. Once a slot is claimed it is gone, so naming rights are subject to availability at the time you sign.

Want one that isn't listed? Email sponsor@bsidesdelaware.com. We build custom naming rights when the idea fits the conference.

// 05 OTHER WAYS TO SPONSOR

» COMMUNITY TIERS

Not every sponsor is a company. These tiers let individuals and small teams put their name behind the con.

TIER	PRICE	INCLUDES
■ First Time Speaker Sponsor	\$200	Social media shout-out · 1 attendee ticket
■ Friends of BSides DE	\$50+	Social media shout-out · 1 attendee ticket · Donor badge

» ADD-ON: RAFFLE SPONSORSHIP

Available to any sponsor at any tier, and stackable on top of your primary sponsorship. This is an add-on, not a tier: it does not include a table, tickets, or a naming right.

ADD-ON	PRICE	DETAILS
■ Raffle Slot	\$500	One 30-minute scheduled raffle slot

- ▶ We reserve up to a 30-minute slot in the schedule for you to run a raffle of items you provide (subject to BSidesDE approval)
- ▶ The raffle is announced at the start of the day, with periodic reminders for attendees to enter
- ▶ You are responsible for prize fulfillment; if shipping is required, that is communicated as part of the raffle announcement

» IN-KIND & CUSTOM SPONSORSHIPS

Want to provide prizes for competitions, donate training certificates, or bring a creative idea of your own? We love building custom packages with sponsors. Email sponsor@bsidesdelaware.com and we'll make it happen.

// 06 DEADLINES & KEY DATES

Sponsors who pledge \$1,500 or more, with payment and logo artwork received by the deadlines below, receive the full benefits listed in this kit. You're welcome to select multiple sponsorships.
